Re: "Moon Tree" Seedling

Dear Mr. Zeh:

In your letter of March 17, 1977, you mention that the tree destined for the City of Buffalo Parks system is leafed out in your greenhouse. This sheds a different light on both the planting date and the point of delivery for the tree. It is inadvisable to plant trees in leaf directly from the greenhouse to the outdoors during the dormant season, especially while there is a danger of frost. Therefore, we will still plant the tree in Delaware Park, after May 25th, and request that the "Moon Tree" be delivered to the South Park Conservatory if delivery is to be made before May 25.

Sincerely yours,

*Gus Franczyk*

Gus Franczyk
